

Daniel Podojil, VP of Cleveland Operations

Description of my career at Constant Aviation: "I came to Constant Aviation right out of the Military with great hopes and dreams. I know, without a doubt, that I have had the opportunity to grow and advance in my career in ways that would not have been possible in other companies. I am encouraged to explore and implement new ideas, I have exposure to great leaders that coach and mentor me to reach my potential and I have been fortunate to be a part of Constant during years of amazing growth! What is even more is that the relationships formed are genuine and it's more than just a job."

My advice: "Have passion for what you do. Find what you love to do and what you are good at. Then pour your heart and energy into doing your very best in that moment and it will take you where you want to go."
