

Jonathon Rudy, Director of Quality at Constant Aviation

Description of my career at Constant Aviation: "After finishing A&P school the job market was very difficult and companies were not hiring new employees without experience. Constant Aviation saw my potential and gave me the opportunity for not just a job, but a career. Little did I know then how lucky I was to become a part of a company that has a family culture and really cares about you both personally and professionally. Fast forward 15 years, I have had the opportunity to learn, to grow and to advance in areas I never considered right out of school!"

My advice: "Get your foot in the door, work diligently and you can go anywhere with Constant Aviation"
