

Rasmita Savaliya, Planning Manager at Constant Aviation

Description of my career at Constant Aviation: "I came to Nextant Aerospace in 2013 as an Aircraft Maintenance Technician contractor. In 2014, I became a part of the Constant Aviation family full time. I took some time away from Constant while I was working on my master's. I am excited to be back now and working in a position that I dreamed of for my career."

My advice: "I encourage new people to be open and embrace the culture at Constant – it is fantastic. You will have great opportunities to achieve your goals and you will be encouraged every step of the way. You won't second guess your choice of joining this company."
