Dear Mr. Davies:

Subject: Recognition of Fully Functional SMS

This letter acknowledges that Constant Aviation, LLC (WC7R) and Constant Aviation, LLC (WC78) as having an accepted Safety Management System (SMS) recognized by the Federal Aviation Administration (FAA) in accordance with the requirements set forth in the SMS Voluntary Program. These certificates have been accepted as a corporate SMS, meaning they have been accepted with one Safety Management System that meets the following requirements:

- A single Accountable Executive be identified for the Corporate Enterprise and listed within the business structure (Org Chart) and meet the requirements of the SMSVP Standard 5.23 and 5.25.
- A common data base for all data required by 5.71
- At a minimum ensure the data is also reviewed and analyzed at the corporate level
- Hazards identified in one organization or facility that could affect another will be communicated to all affected organizations.
- The SMS manual/documentation shall define how their system functions as a corporate SMS, to include interfaces.

Formal SMS development consists of voluntary SMS implementation by operators and other aviation service providers using FAA stated standards. Those standards are based the SMS framework specified by the International Civil Aviation Organization (ICAO) Annex 19, and further detailed in ICAO document 9859, Safety Management Manual (SMM). Participation in this program signifies that these certificate holders have implemented an SMS aligned with international standards.

Based on our review of the planning, documentation, and activities, we have determined that their SMS implementation meets the expectations of the Flight Standards Service SMS Voluntary Program guidance for acknowledgement of a fully functional SMS. Your

FAA Certificate Management Team (CMT) and the Flight Standards Service SMS Program Office validated this achievement with your cooperation.

The FAA SMSPO and your CMT congratulate you on your company's significant accomplishment in implementing a fully functional SMS that is "accepted by the State" in accordance with international requirements. To maintain your company's current "Active Conformance" status, your company must continue to apply the SMS processes that you developed and implemented to meet the FAA's SMS Voluntary Program requirements.

Thank you for your continued commitment to improve aviation safety in our National Airspace System and again, congratulations on your momentous achievement.

Sincerely,

THOMAS A
